

## Custom Classes

## Custom Classes – Basic Information Tab

The screenshot shows a Windows-style dialog box titled "EntitySpaces 2010 - Persistence Layer and Business Objects f...". The dialog has a tabbed interface with the "Basic Information" tab selected. The "About" label is at the top left of the main content area. The "Basic Information" tab contains several configuration fields: "Select the Output Path" with a text box containing "C:\svnroot\Code\ES2010\Samples\Windows\_Forms\_C#\Custom\" and a browse button "..."; "Namespace" with a text box containing "BusinessObjects"; "Select a Database" with a dropdown menu showing "Northwind"; "Tables or Views" with a dropdown menu showing "Tables"; and "Select Tables" with a list box containing a list of database tables. At the bottom right are "Cancel" and "Ok" buttons.

## Generated Classes

## Generated Master – Basic Information Tab

The screenshot shows a Windows-style dialog box titled "EntitySpaces 2010 - Persistence Layer and Business Objects f...". It has three tabs: "Basic Information", "Advanced", and "Proxy/Stub". The "Basic Information" tab is active. The dialog contains several input fields and dropdown menus for configuring the persistence layer. At the bottom are "Cancel" and "Ok" buttons.

Cancel Ok

## Generated Master – Advanced Tab

There was no need to use the Proxy/Stub tab for the simple Windows Forms sample.
